SUMMARY OF QUALIFICATIONS

- Second-year Computer Science student skilled in software development using Java and Python.
- Applied OOP principles to build scalable smart home simulations and interactive GUI desktop games.
- Experienced in designing game mechanics and system architectures using the MDA framework.
- Strong collaborator with proven communication skills in client-facing projects and volunteer roles.

TECHNICAL SKILLS

- **Computer Languages:** Python, Java
- **Tools/Software:** Visual Studio Code, Spyder, Microsoft Office, Adobe Photoshop
- **Concepts/Interpersonal:** OOP, GUI Development, MDA Game Design, Active Listening, Adaptability

EDUCATION

Bachelor of Science (BSc): Computer Science Sept 2024 – Exp 2028
Toronto Metropolitan University, Toronto, ON

WORK EXPERIENCE

Office Assistant, Mahd Fam Sepahan, Isfahan, Iran Sept 2020 - Jul 2022

- Organized company transaction records using MS Excel/Word to improve office data accessibility.
- Communicated with clients and staff to support smooth daily operations in a fast-paced environment.

ACADEMIC PROJECTS

NMA928 & NMA891 - Getaway Driver Game Concept, TMU, Toronto Sept 2025 - Apr 2026

- Conceptualized a heist-themed game using the MDA framework, designing escape loops and decision mechanics.
- Produced a comprehensive design document outlining visual frameworks and player dynamics.

CPS412 – Systems Development Project, TMU, Toronto Jan 2025 - Apr 2025

- Collaborated in a team of 5 to design a financial management system for real-world client Soli Hand Made.
- Architected PWA and Python GUI solutions while evaluating system security, costs, and ethical impacts.

CPS209 - Smart Home Automation System, TMU, Toronto Jan 2025 - Apr 2025

- Developed control logic for connected appliances using OOP (inheritance, encapsulation) with a text-based UI.

CPS209 - Basketball Hoop Simulation Game, TMU, Toronto Jan 2025 - Apr 2025

- Engineered GUI elements, collision detection, and scoring systems using Java Swing.

VOLUNTEER EXPERIENCE

Media & Event Volunteer, Soapbox Science (SciXchange – TMU), Toronto, ON Sept 2024

- Captured/edited digital media and managed crowds to successfully promote public STEM events.

Team Participant, UN Sustainable Development Day, Toronto, ON Nov 2023

- Collaborated with a team to pitch a tech-based solution addressing UN Sustainability Goals.

AWARDS & Certifications

- Python 101 Certification (2025): Awarded by IEEE TMU Computer Science Chapter
- Outstanding Effort & Attitude (2024): Awarded by English Language Institute, TMU
- Student of the Month for Honesty & Jaguar Award for Volunteer Work (2023): J. Addison School
